Rationale
District improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, district funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the Comprehensive District Improvement Plan (CDIP) cultivates an environment that promotes student growth and achievement.

Operational Definitions
Goal: Long-term three to five year targets based on the six (6) required district goals: proficiency, separate academic indicator, achievement gap closure, graduation rate, growth, and transition readiness. Long-term targets should be informed by The Needs Assessment for Districts.

Objective: Short-term target to be attained by the end of the current academic year. There can be multiple objectives for each goal.

Strategy: An approach to systematically address the process, practice, or condition that the district will focus its efforts upon in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky’s six (6) Key Core Work Processes listed below or another established improvement approach (i.e. Six Sigma, Shipley, Baldridge, etc.).

Activity: Actionable steps used to deploy the chosen strategy. There can be multiple activities for each strategy.

Key Core Work Processes: A series of processes identified by the Kentucky Department of Education that involve the majority of an organization’s workforce and relate to its core competencies. These are the factors that determine an organization’s success and help it prioritize areas for growth.

- KCWP 1: Design and Deploy Standards
- KCWP 2: Design and Deliver Instruction
- KCWP 3: Design and Deliver Assessment Literacy
- KCWP 4: Review, Analyze and Apply Data
- KCWP 5: Design, Align and Deliver Support
- KCWP 6: Establishing Learning Culture and Environment

Measure of Success: Criteria that shows the impact of the work. The measures may be quantitative or qualitative, but are observable in some way.

Progress Monitoring: Process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Should include timelines and responsible individuals.

Funding: Local, state, or federal funds/grants used to support (or needed to support) the improvement initiative.

Requirements for Building an Improvement Plan
- There are six (6) required district goals: proficiency, separate academic indicator, achievement gap, graduation rate, growth, and transition readiness.
- The required school goals include the following:
  - For elementary/middle school, these include: proficiency, separate academic indicator, achievement gap, and growth.
  - For high school, these include: proficiency, separate academic indicator, achievement gap, graduation rate, and transition readiness.
Goal 1 (State your proficiency goal.):

**Increase proficiency in reading and math as measured by the KPREP Assessment according to the following table:**

**Objective 1**

**Increase proficiency in reading and math, as measured by the KPREP Assessment as follows:**

**Elementary:**

**Reading** – from 65.9 (2019) to 67.5 (2020)

**Math** – from 61.6 (2019) to 63.5 (2020)

**Strategy**

**KCWP: Design and Deliver Assessment Literacy**

Focus: Create and support district and school-wide systems to ensure the development, and effective utilization, of various assessments for increased student achievement in reading and mathematics.

Ensure that formative, interim, summative assessment results, as well as universal screener data, are used appropriately to determine tiered intervention needs for elementary and middle school students relating to performing on grade level.

**Measure of Success**

School leadership is able to articulate and provide evidence of:

- the impact of curriculum meetings on curriculum development and adjustments
- adjustments to assessments
- responses to students or groups of students, based on assessment results

**KCWP: Design and Deploy Standards**

Focus: Developing assurances that the current curriculum is valid and that monitoring systems are in place to ensure curriculum is taught at a high level of fidelity.

Develop a process to ensure schools have regularly scheduled curriculum meetings to review the alignment between standards, learning targets and assessments, including vertical alignment.

Ensure ongoing professional learning in the areas of best-practice instructional strategies used in developing and making adjustments to curriculum to ensure all students reach mastery.

Objective 1
Increase proficiency in writing as measured by the KPREP Assessment as follows:

**Elementary:**
Writing – from 60.7 (2019) to 62 (2020)

**Middle:**
Writing – from 39.4 (2019) to 43 (2020)

**High:**
Writing – from 63.2 (2019) to 65.5 (2020)

**KCWP: Design and Deploy Standards**
Focus: Assure the establishment of a protocol for reviewing and revising curriculum beyond pacing and to include vertical curriculum work.

**KCWP: Design and Deliver Assessment Literacy**
Focus: Ensure the appropriate assessment design is used that will best evaluate the level of student learning.

Protocol development to ensure a fully executed district writing plan to include support resources such as: Common prompts, exemplars and analysis protocols.

Professional learning to 1) ensure all assessments produce accurate evidence at the desired level and 2) to evaluate the quality of: test items, tasks, scoring rubrics and student exemplars.

Writing Plan demonstrates effectiveness with writing to learn and writing to demonstrate learning including - Increased proficiency performance in the area of On Demand Writing at all level.

**KCWP: Design and Deploy Standards—**

Focus: Create a system to monitor the curriculum used in each school to ensure it is valid/aligned to NGSS standards and has components that support instruction and assessment.

- District ensures curricular alignment reviews are taking place at all schools and are an ongoing component of PLC planning work.
- District provided support in curriculum and assessment design work.
- District provided Professional learning opportunities to assist schools in the creation and/or adjustment of classroom formative assessments to align with testing formats and expectations.

### 3: Growth

**Goal 3 (State your growth goal.):**

*Increase the conditional school growth percentiles for all schools, (Grades K-8), in reading and math to at least 60% by 2023 according to MAP (NWEA).* Note growth was based on MAP data vs. KPREP data due to concerns that changes in the acct. model may impact the ability for data to be directly compared.

KCWP: **Review, Analyze and Apply Data Results**—Focus: Create a district system to ensure that school wide data is collected, analyzed and being used to improve school conditional growth percentiles.  
Provide training to school leaders on school conditional growth percentiles, including setting goals and expectations for data analysis.  
Each school will show a school conditional growth percentile on MAP grades K-8, in reading and math of at least 50% with a goal of 60%.

**Objective 1**

**Objective**
Increase proficiency through Novice Reduction in reading and math for students with disabilities as measured by the KPREP Assessment as follows:

*(Novice Reduction Data)*

**Elementary:**
- Reading – from 36.2 (2019) to 33 (2020)
- Math – from 35.7 (2019) to 30 (2020)

**Middle:**
- Read (2020)

**High:**
- Reading – from 43.2 (2019) to 38 (2020)
- Math – from 50.6 (2019) to 45 (2020)

**KCWP: Design and Deliver Instruction**
Focus: Assure processes and systems, such as Co-Teaching, are in place to ensure Tier 1 instruction and assessments meet the intent of the grade level standards and that school/district leadership determine the most appropriate and effective high-yield strategies are implemented with students’ cultural, social, and developmental needs in mind.

**Activities**
- Ensure co-teaching teams are provided: on-going, job-embedded professional learning to improve educational effectiveness in working with Students with Disabilities.
- To the extent possible, ensure teaching teams have co-planning opportunities so that teaching teams can effectively design instruction to respond to the needs of Students with Disabilities.
- Ensure that Students with Disabilities have access to grade level content to the maximum extent appropriate with their non-disabled peers, including formative and summative assessments of grade level content.

**Measure of Success**
- Classroom observations reveal an understanding and compliance with expectations as related to:
  - “Look for Tool”
  - co-teaching plans
  - walkthrough observations
- Master schedule reveals co-planning opportunities
- Planning Structures
- IEP reviews, Master Schedules, Classroom Observations.

**KCWP: Review, Analyze and Apply Data Results**
Focus: Ensure a balanced use of different types of formative, summative and diagnostic data to monitor Students with Disabilities’ progress as individuals and as a demographic group.

**Activities**
- Develop a protocol for systematically monitoring data from various district and state assessments to assist schools in making adjustments or changes necessary for increased student performance with Students with Disabilities.

### Objective 1
To increase the graduation rate of African American students and disabled students by 2020 as follows:

**African American Students**
From 89.5% (2019) to 95% (2020).

**Disabled Students**
From 82% (2019) to 86% (2020).

#### KCWP: Establishing Learning Culture and Environment
Focus: Ensure the district and schools prioritize the commitment to equitable access to a meaningful and rigorous academic curriculum that is respectful to diverse learners, helps develop their character and helps them to be successful in terms of graduation.

#### KCWP: Design, Align, Deliver Support Processes
Focus: Ensure schools and district measure the effectiveness of current programs and initiatives implemented.
