Good News Report - Mr. Hunsaker stated that SOMS has seen an increase in COVID cases with staff and that the teamwork among staff to cover these areas has been exceptional. Team efforts to cover classes includes assistance from central office staff. One day, SOMS had 14 spots that needed coverage and SOMS staff/ district office came together to provide support. Positive attitude from SOMS staff and he is very proud of the teamwork. District has provided COVID booster clinics for teachers and staff. Mr. Hunsaker shared that we have a support fund for families in need and that South Oldham Rotary has been helpful in supporting these families in need. Mr. Mattera reported that the toy drive went great and that over 300 toys were donated and will be dropped off to a site for the KY tornado victims. Goals based on previous KPREP data. Spring testing more normal and more relevant to where we are and the needs. Hopeful that next year CSIP report and goals will look different because there will be more time away from the pandemic and academic recovery in place.
