Comprehensive Improvement Plan for Schools

Rationale
District improvement efforts focus on student needs through a collaborative process involving all stakeholders to establish and address priority needs, district funding, and closing achievement gaps between identified subgroups of students. Additionally, districts build upon their capacity for high-quality planning by making connections between academic resources and available funding to address targeted needs.

Operational definitions of each area within the plan
Goal: Long-term three to five year target based on Kentucky Board of Education required goals. Schools may supplement with individual or district goals.

Objective: Short-term target to be attained by the end of the current school year.

Strategy: Research-based approach based on the 6 Key Core Work Processes designed to systematically address the process, practice or condition that the district will focus its efforts upon in order to reach its goals/objectives.

Activity: The actionable steps used to deploy the chosen strategy.

Key Core Work Processes: A series of processes that involve the majority of an organization’s workforce and relate to its core competencies. These are the factors that determine an organization’s success and help it prioritize areas for growth.

Measure of Success: the criteria that you believe shows the impact of our work. The measures may be quantifiable or qualitative, but they are observable in some way. Without data on what is being accomplished by our deliberate actions, we have little or no foundation for decision-making or improvement.

Progress Monitoring: is used to assess the plan performance, to quantify a rate of improvement based on goals and objectives, and to evaluate the effectiveness of the plan.

Guidelines for Building an Improvement Plan
● There are 6 required District Goals: Proficiency, Separate Academic Indicator, Achievement Gap Closure, Graduation rate, Growth, and Transition readiness.
● There are 5 required school-level goals:
  For elementary/middle school: Proficiency, Separate Academic Indicator, Gap, Growth, and Transition readiness.
  For high school: Proficiency, Separate Academic Indicator, Gap, Graduation rate, and Transition readiness.
● There can be multiple objectives for each goal.
● There can be multiple strategies for each objective.
● There can be multiple activities for each strategy.
**1: Proficiency Goal**

Goal 1 (*State your proficiency goal*): To increase the proficiency rate of students in Reading / Math as follows: Reading - from 60.2 to 67 and Math - from 54.8 to 61 by 2020.

Which **Strategy** will the district use to address this goal? (The Strategy can be based upon the six Key Core Work Processes listed below or another research-based approach. Provide justification and/or attach evidence for why the strategy was chosen.)

- KCWP 1: Design and Deploy Standards
- KCWP 2: Design and Deliver Instruction
- KCWP 3: Design and Deliver Assessment Literacy
- KCWP 4: Review, Analyze and Apply Data
- KCWP 5: Design, Align and Deliver Support
- KCWP 6: Establishing Learning Culture and Environment

Which **Activities** will the district deploy based on the strategy or strategies chosen? (The links to the Key Core Work Processes activity bank below may be a helpful resource. Provide a brief explanation or justification for the activity.)

- KCWP1: Design and Deploy Standards Classroom Activities
- KCWP2: Design and Deliver Instruction Classroom Activities
- KCWP3: Design and Deliver Assessment Literacy Classroom Activities
- KCWP4: Review, Analyze and Apply Data Classroom Activities
- KCWP5: Design, Align and Deliver Support Classroom Activities
- KCWP6: Establishing Learning Culture and Environment Classroom Activities

In the following chart, identify the timeline for the activity or activities, the person(s) responsible for ensuring the fidelity of the activity or activities, and necessary funding to execute the activity or activities.

grow and refine practices of teachers.

through Enriching Students, NAVIANCE, and use of our data wall.
## 2: Separate Academic Indicator

**Goal 2 (State your separate academic indicator goal):** To increase the proficiency rate of students in Writing and Science as follows: Writing from 2019, 54% to 77% and Science from 40.6% to 70% by 2030.

Which **Strategy** will the district use to address this goal? *(The Strategy can be based upon the six Key Core Work Processes listed below or another research-based approach. Provide justification and/or attach evidence for why the strategy was chosen.)*

- KCWP 1: Design and Deploy Standards
- KCWP 2: Design and Deliver Instruction
- KCWP 3: Design and Deliver Assessment Literacy
- KCWP 4: Review, Analyze and Apply Data
- KCWP 5: Design, Align and Deliver Support
- KCWP 6: Establishing Learning Culture and Environment

Which **Activities** will the district deploy based on the strategy or strategies chosen? *(The links to the Key Core Work Processes activity bank below may be a helpful resource. Provide a brief explanation or justification for the activity.)*

- KCWP1: Design and Deploy Standards Classroom Activities
- KCWP2: Design and Deliver Instruction Classroom Activities
- KCWP3: Design and Deliver Assessment Literacy Classroom Activities
- KCWP4: Review, Analyze and Apply Data Classroom Activities
- KCWP5: Design, Align and Deliver Support Classroom Activities
- KCWP6: Establishing Learning Culture and Environment Classroom Activities

### Objective
- **Objective:** To increase the proficiency rate of students in Writing and Science as follows: Writing from 53.9 in to 60 and Science from 40.6 to 46 in 2020.

### Strategy
- Students will be guaranteed opportunities to become Proficient On-Demand writers through systematic data analysis and intervention by teachers utilizing Core Instruction, Lead, and ESS.

### Activities to Deploy Strategy
- Teachers will ensure Core Instruction of Essential Standards (ESs) through calibrated Learning Targets (LTs). Common Formative Assessments (CFAs) are created based on LTs. Ongoing professional learning and time to do this work is provided before the school year, during Teacher Work Days, and during Lead.

### Measure of Success
- Google Forms Feedback
- Observation Data
- Student Feedback

### Progress Monitoring Date & Notes
- Monitored continually throughout the year by Instructional Coaches and Administration through observations.

### Funding
- NA

---

Teacher Teams analyze data from CFAs to adjust Core Instruction and place students not meeting standards in Tier II instruction during Lead for immediate intervention.

- Google Forms Feedback
- Observation Data
- Student Feedback
- CFAs

- On-Demand Results

- Teacher Teams analyze data from CFAs to adjust Core Instruction and place students not meeting standards in Tier II instruction during Lead for immediate intervention.

- Google Forms Feedback
- Observation Data

**Students will be monitored individually for progress towards on-time graduation. Teachers, administration, parents and students will be informed systematically of their individual progress throughout their high school career.**

| Students will enter OCHS with an orientation meeting to begin planning and implementing their four-year scheduling plan. Students in grades 9, 10 & 11 will attend group scheduling sessions during their Lead class. Students may also sign up for an individual scheduling meeting with their guidance counselor as needed. In addition, students are encouraged to consult with current teachers for course recommendations when scheduling for the next academic year. Students will be scheduled in the appropriate academic and career ready courses based on individual student need to achieve on-time graduation. Students will be encouraged to choose a career path in addition to completing the required courses for graduation. | Successful transition to high school Promotion Rate CCR Measure | Ongoing monitoring by administration | NA |

**Tier II is provided for every student during the school day during Lead. Students can self-select sessions to attend, but are also scheduled by teachers based on need. The goal is to immediately intervene and schedule a student for Lead session when they do not meet mastery on a CFA. Scheduling for Lead is accomplished through the Enriching**

| Enriching Students Common Formative Assessments Naviance ACT On-Demand CCR Measure | Ongoing monitoring by administration | NA |
Students online software and is available to all students and staff. Parents can use their student’s login information to track their progress and what sessions they are attending.

If we are not successful moving students to mastery with the above interventions, students have access to Edgenuity and Summer School for credit recovery when needed.
